Finance Committee Sees Lower Interest Rate in Demand for Village Warrants in the Chicago Investment Market; Half of Delinquent Gen. Bonds Paid

The Arlington Heights village treasurer's report presented Monday evening, shows a general corporate balance of over $10,000, as of February 1. However, the policy of the administration requires that tax monies be placed in the funds specified in tax levy, and in consequence all bills, except salaries, passed Monday, will have to wait for funds.

The treasury may be empty, but the financial status of the village is better than it has been at any time in recent years. This is reflected by a recommendation made by Alderman Krause, chairman of the finance committee, who suggested that when 1935 tax warrants are authorized that the interest rate be reduced to either 4½ or 4 per cent. Mr. Krause further stated that he had reason to believe that the warrants, if sold in large blocks to investors would bring par at that interest rate.

This was not the only good news that was received by the board members Monday night. The government grant on the recent PWA projects will probably be $14,580.24. The provisions of the grant are that $10,000 be paid in cash to the village. The balance of the grant will be represented by the cancellation on the part of the government of a corresponding amount of the PWA bonds issued by Arlington Heights and held by the government.

While this settlement means that the village will have to find ready cash to pay the balance due the contractors, about $2,500, it reduces the future obligations of the water department by over $4,000.

A conference will be held next Monday with a committee from the now defunct municipal band regarding tax monies still due that organization.

The board advised the village treasurer that the latter had authority to pay to the treasurers of the nurse fund and the library board all tax monies due such bodies as the same is received.

As the total amount to the credit of the village in the closed Arlington Heights State Bank is $20,000, the village will receive $1,000 in the dividend that will be paid this week. Chairman Krause explained that the general fund money involved, in reality, belonged to the Public Service Co. The treasurer was instructed to divide the dividend checks as near as can be ascertained by him, among the several funds and special assessments to which the money belongs.

A resolution was passed authorizing P. J. Mors, former mayor to sign a previously issued bond from which his signature is missing.

Attorney Thal reported that the American Surety Co., against which a suit for $2,000 and interest was pending on account of Bolte estate, had offered to settle out of court for the principal. Mr. Thal was authorized to conclude a settlement upon as favorable terms as possible.

The village attorney reported that he had received a request, that the village refund existing delinquent general bonds, which with the bonds due this year, amounted to $11,000, with a new issue bearing the same rate of interest and coming due from 1949 to 1953. In the discussion that followed it developed that $4,000 of the bonds in question, had been paid this month and that with the receipt of other back tax money, including the 1934 taxes, there was every probability that the remaining bonds could be paid and that a refunding plan would not be worth while.

A letter of thanks was read from the St. John's ladies aid on account of an adjustment made on an excessive water bill due to a leak at the church.

The water department reported that the total unpaid water bills was nearly $1,200. The board will meet next Monday night as a committee to go over the entire list.

Bills and payroll amounting to $1,945.20, were authorized for payment when funds are available.

Routine reports were made by the various village departments including the final collection of business licenses and the service of one warrant; need of extensive repairs on police car; report of operation of sewage treatment plant.

Mayor Flentie reported that a new "set up" for relief labor in Arlington Heights for the next 17 weeks, must be completed the following day and asked that any suggestions for needed projects within the village, be reported to him at once.

Happenings at Village Board Meeting

Bills and payroll ..... $ 1,945.60
Treasurer's balance February 1 ..... 10,026.17
Delinquent water bills total nearly 1,200.00

Board unfavorable to suggestion of bond owners that delinquent general bonds be refunded.

Attorney authorized to settle with American Surety Co., account Bolte bond for principal asked ($2,000) $1,000.

Dividend check from State Bank to be divided into true funds.

Conference to be held with municipal band committee regarding funds due that organization.

Treasurer given authority to pay to respective bodies (library, and nurse fund) their share of tax money as same is received by the treasurer, without definite action of the board.

Krause recommends reduction of interest rate on 1935 tax warrants when same are issued and their sale at par in large blocks to investors, thereby enabling village to pay all bills including Public Service Co. in cash.

GEO. K. VOLZ, FIRE CHIEF

A gold badge was given to George K. Volz, chief of the Arlington Heights Volunteer fire department Friday night by the firemen. It commemorates 30 years of service in his present capacity by the chief.

He joined the department in 1899, because captain of hose company No. 1 in 1901, assistant chief in 1903, and chief in 1905. At a smoker held in 1930 he was presented with a loving cup to mark 25 years of service.

Presentation of the badge was made Friday night by R. H. Jahn, new assistant chief of the department, who took over that post recently to take the place of William G. Meyer who resigned from the department after 35 years of service. He had been assistant chief since 1916.

Mr. Jahn joined the department in 1908 and became captain of hose company No. 1 in 1933. He has also served as secretary-treasurer of the department since 1931.

Baby for $1 Dollar Is Doctor's Offer

The greatest bargain ever offered in an Arlington Heights Dollar Day was announced this week.

And the chances are 100 to 1 that it won't be taken up.

Dr. Norbert Leckband was approached by a representative of the Arlington Heights Herald, "Well, what are you going to offer for a dollar this week-end?" he was asked.

"I'll deliver any Arlington Heights baby on Dollar Day for just that amount!" he replied.

While the baby-for-a-buck bargain may not be made, Arlington Heights stores do offer many bargains that will be popular with the entire family Friday and Saturday. Read the advertisements in The Herald, and do your shopping with thrift.

TRAINING TIME OF TEACHERS IS INCREASING

Improvement is Shown by Cook, DuPage Elementary Schools

Training qualifications of instructors in elementary schools having two or more teachers have risen throughout the state in the state during the past year, but DuPage and Cook counties show a gain far ahead of the state average, according to statistics shown in a bulletin issued by the state superintendent of public instruction.

The state's total of elementary school teachers with four or more years of training, in other words, a college degree, increased from 12 per cent in 1933 to 14 per cent in the school year beginning in 1934. Meanwhile in Cook county the number increased from 24½ per cent to 29 per cent and in DuPage county from 19 per cent to 25½ per cent.

This gain is even greater when it is considered that the total number of teachers in this classification has decreased from 1,815 to 1,669 in Cook county and from 325 to 298 in DuPage county. However, while DuPage county has only three teachers with no training above high school, and had the same number last year, Cook county has increased the number of practically untrained teachers from 4 to 12.

Salaries Scaled Down

Salaries for teachers in this class have shown a scaling down in both counties, as they have throughout the state. In all Illinois there are now 35 teachers receiving salaries of $2,000 or more as compared to 204 in that class last year. Of these 35, 22 are in Cook county, but last year there were 158. Last year DuPage county had three teachers in this salary class. Now it has none.

These three are now alone in the $1,500 to $2,000 class for DuPage county while the 39 in that class last year are now among the 43 getting $1,200 to $1,500.

On the other end of the salary scale, 11 DuPage county teachers receive less than $600 where only one was so poorly paid last year. In Cook county 13 are in this class where five were last year.

Compared With 1929

Another tabulation released by John A. Wieland, new state superintendent of public instruction, compares the average annual salaries of teachers in Illinois in 1929 and 1934. This shows a 21 per cent cut in salaries of men and women teachers, including superintendents and principals, throughout the state.

In Cook county outside of Chicago this reduction is 16 per cent, in Chicago more than 21 per cent, in DuPage county just short of 22 per cent.

The average woman teacher receives today in Chicago $2,041, in Cook county outside Chicago $1,451, in DuPage county $1,125. The average man is paid $2,551 in Chicago, $2,284 in Cook county outside the metropolis, and $1,621 in DuPage county.

Coupons Win Scolarships

With eleven ambitious young men and women already in the race for the valuable free scholarships to be awarded at the Suburban Metropolitan Business College of Oak Park and a very representative group of business firms, the "Trade at Home" drive is starting off with a bang.

All of the participating merchants have now been supplied with Free Scholarship coupons and will issue the coupons with all cash sales and upon the payment of all bills, up to and including March 16. It is gratifying to see how well the plan works. It engenders goodwill and brings to the fore our own community interests. Business is being speeded up by focusing the offerings of our business houses on the minds of our buying public. Said a prominent citizen the other day: "This coupon business is a great idea; it was the means of my wife deciding to pay up an account that we owe during this contest, instead of letting it run along. She is interested in helping one of the contestants and wants to secure the coupons for her."

Everyone in the Arlington Heights and Mt. Prospect trading zone is asked to take an active interest in this unusual offer, which will make it possible for these young people to receive free scholarships, enabling them to obtain a course in business training of untold value.

The contestant turning in the greatest vaule in coupons will receive first prize, an Executive Secretarial Course valued at $180.00 and number two will receive a Business and Bookkeeping Course valued at $125.00 and number three will receive a Stenographic Course valued at $75.00 and by this method all of the prizes will be awarded. Presentation of the awards will be made on the stage of the Arlington Theatre and Mr. Godshaw, manager, of the theatre is going to add some extra special prizes to those who do not win one of the first three prizes. He wishes us to state that he will award: One sixty day ticket, good for any performance on any date, one thirty day ticket, one fifteen day ticket and ten tickets good for four admissions each. This makes it just a little nicer for the contestants and we wish to take this opportunity to thank Mr. Godshaw for his whole hearted co-operation with this program.

The workers in this campaign are making a wonderful canvass, one that will cover every home in this trading zone, asking everyone who is old enough to spend money, to trade at home and save the coupons for them. They are having hundreds of cards signed by people who agree to help them by asking for, and insisting upon, receiving the free coupons.

Everyone is asked to sign a pledge card for one or the other of the contestants. It costs you nothing to assist some deserving young man or woman to win one of the free awards. When you sign a card you do not obligate yourself except that you will save the coupons that you receive for that particular contestant. After you have signed a pledge card, you are asked to be loyal and save only for the one who secured your signature.

Special prizes were offered to the contestants for the greatest number of signed pledge cards turned in the first week ending Thursday, February 14. Nearly 800 signed cards were turned in and Miss Chick Hauptli won the first prize of $50.00 in coupons. Ruth Hartmann was second with a prize of $35.00 in coupons and Lois Clark was third and won $25.00 in coupons. The above mentioned prizes were just for the quickest canvass during the first stage of the work and they will all continue getting cards signed and picking up coupons right up to the finish on March 16. All shoppers during this campaign are urged to ask for and insist upon receiving coupons with every cash purchase or when paying a bill.

All merchants are urged to issue the coupons with the utmost care and discretion in order that this campaign will be successful in every way, giving the coupons only with bonifide cash transactions.

The merchants in this campaign are deserving of the very highest compliments for their whole-hearted co-operation in this community building plan. Business men of

Independent Vegetable Men will meet Thursday For New Organization

Independent vegetable growers of northern Illinois will meet next week Thursday to organize for better marketing conditions on the Randolph street market in Chicago. A mass meeting of all truck growers has been announced for 12:30 o'clock next Thursday afternoon in Melody Mill hall, located at Des Plaines avenue and Twenty-fourth street in North Riverside. This is two blocks south of Cermak road (Twenty-second street).

So-called "scalpers" purchasing produce from farmers in Wisconsin and other distant points, truck the material to the Chicago market and sell it in competition beside the local growers. It is against this practice that the local growers have repeatedly protested and against which they are organizing.

Fathers and Sons Banquet

Under the leadership of Dr. E. W. Baumann, the Presbyterian Men's club enjoyed one of the finest programs ever presented by the club.

Like ancient Gaul, the program was divided into three parts, the splendid dinner served by the ladies of the Friendly Class, group singing and band music under the very efficient direction of Mr. D. G. Costain, teacher of music at the high school and the address delivered by Mr. Jacob D. Allen of Chicago.

The occasion was the annual Father's and Son's banquet of the Men's club.

Many fine compliments were paid to the ladies of the Friendly class, also to Mr. Costain and the high school band. The community should know that it has in Mr. Costain a director of rare ability and the band under his leadership has become one of the finest high school bands on the northwest side of Chicago.

Mr. Jacob D. Allen, a gentleman of rare charm and personality, was brought to the club through the courtesy of Mr. G. Rex Volz, who introduced him. Mr. Allen's ad-

Arlington High School Has New Scoreboard

Arlington Heights township high school is the proud possessor of a new all-electric scoreboard which has been used for the past two weeks for both the high school games and those played by the two Ace teams. Funds for the board were raised mainly through a magazine subscription campaign held last year, and the balance donated by classes graduated the last few years. The board was built at the school, and to E. B. Thornton, of the science department, goes the credit for the design as well as the actual work of construction.

Mr. Thornton was employed as trouble man last summer on the electric signs at Arlington Park track and adapted the system in use at the track to the operation of a scoreboard. Each figure is formed by a bank of 24 lamps which are controlled by a motor driven unit which is in turn operated by remote control at the officials' table. A sign of this type and construction would cost several hundred dollars and would probably not be available except through the ingenuity of the personnel at the high school.

FARMERS ASK EXPERT STUDY OF MARKETING

Chicago Produce Area's Problem Outlined in Talk by Barrett

With Chicago the second largest center of vegetable production in the nation, the Cook County Farm Bureau and truck gardeners associations have been urging a study and research in the Chicago market by experts from the College of Agriculture of the University of Illinois.

O. G. Barrett

The background of the need for this study was sketched last week by O. G. Barrett, Cook county farm adviser, to the Vegetable growers schools held in the county under the auspices of the university.

Speaking of "Possibility for a Study of Local Marketing Problems," Mr. Barrett traced an analogy between the ills of marketing and human ills. For a human ill, he said, one does not attempt to cure himself, but calls in a doctor, an expert who is trained in finding and studying the symptoms and in interpreting them to diagnose the case to make corrections.

Farmers have done this in the production side of their work, calling in pathologists and experts from the experiment stations when they meet with problems. Now they propose an expert to study another phase of agriculture, vegetable marketing.

He told of the work of Dr. M. P. Rasmussen of Cornell college in studying the New York market, and pointed out that 11 per cent of the agricultural wealth of the country is in the truck gardening field. Resolutions which have been sent to the university ask the establishment of the study to be made under the department of agricultural economics which is headed by Dr. H. M. C. Case.

Changes resulting from America becoming a creditor instead of a debtor nations since the World war, have brought about corresponding changes in agriculture, said Mr. Barrett. Before the war a foreign market was open for wheat, cotton, and pork.

Now tariffs have closed that market, the American excess being all put upon the American market resulted in disastrously reduced prices, and many producers of those agricultural commodities have turned to truck gardening.

While vegetable and dairy products never were exported to any degree, still in this way the foreign situation has affected the truck gardener and his markets. Products are now brought to the Chicago markets from other markets 200 and 300 miles distant.

Home news binds this old town together;
When seeking this home news to track,

Mr. A. F. Volz returned Wednesday last week from a three weeks trip to Florida, where he found the climate unfriendly and cold.

Mr. Scheutler's father, who died recently in Chicago, was buried the 12th of this month. Mr. and Mrs. Schuetler and family, with her brother, Roscoe Reed and her sister, Mrs. Melzer, attended the funeral Tuesday last week.

Word was received by old friends and neighbors that Mrs. Paul Eichenbaum died recently in her home in the vicinity of Lake Zurich and Wauconda. The Eichenbaum's hospitable home here was on West Euclid on the old Dunn place.

Valentine Rejoicings

Mrs. Raoul Peeters entertained the Sunshine club in her home on North Dunton Wednesday last week, in honor of the kind old Saint Valentine. All those dignified sunshine matrons became youthful once more in their expectation of cupids darts and lovely messages, full of the Valentine spirit. You may be sure the more material provision of their hostess choice refreshments also gladdened their hearts. It was a real party.

Mrs. Louise Tonne came from Lake Zurich to help her daughters remember her birthday in their happy appreciative way. Misses Rose and Betty thought their mother's coming was their best Valentine when she was in their apartment.

Master Eugene Saar was nine years old February 16. His mother, Mrs. M. Saar, invited nine of his playmates to help celebrate the day. Games and a rollicking good time such as only boys without business or busy bodies to trouble them can enjoy. Of course Mrs. Saar prepared the eats her son most likes and henceforth Eugene's birthday will be looked forward to with sweet anticipation.

Mrs. Jean Peterson Reiter of Des Plaines, was invited to a party held in her brother's home Friday night last week. Lo and behold when she arrived she was surprised to find she was the guest of honor and quite overwhelmed or rained under by the shower of gifts. Her brother's wife, Mrs. George F. Peterson, and her sister, Mrs. Dorothy Harris, were in charge of arrangements.

Mrs. Jack Marten was honor guest of a party given last Saturday evening in the home of Mrs. Willis Breese. A happy affair it proved to be with games and choice refreshments. The guest of honor was showered with many pretty and useful gifts.

The box in the rest room of the telephone ladies, was surrounded with an air of mystery all day Thursday. In the evening, after the long hours of work were closed, a Valentine party was staged in the rest room when that mysterious box gave forth its precious secret, each waiting faithful one received Valentines just from the chosen of her heart (or something like that). Choice refreshments and merry games were on the program, and the Valentine spirit of mirth and love ruled the jolly party in his name.

Mr. and Mrs. Wm. Reiter, Des Plaines are the parents of a son born Feb. 19, in the Northwestern hospital.

Mrs. Elizabeth Horcher entertained the A. E. club at the home of Mrs. Wagner, Monday evening. The evening was spent at cards, closing with refreshments.

Orville Baldwin is ready to buy a box of cigars for the person or persons who suggest an acceptable name for his youngest son who arrived Friday.

The Woman's club had a regular gale time at their Valentine party Wednesday in the home of Mrs. Elizabeth Heller. A play time for everyone of the members. You may be sure the good Old Saint who took pity on the lonely ones of long ago, will bring a message of joy to every one, and we are sure Miss Heller and the entertainers royally did do their share to make the party a reminder of youth to all.

The Missionary society of the Presbyterian church held their annual thank offering service in the Presbyterian church Sunday night, February 17. The sermon by the Pastor, Dr. H. A. Kossack, was greatly appreciated and is spoken of in high terms of praise. The offering received was beyond the expectations of those in the society and gave much satisfaction. The junior choir furnished pleasing singing and altogether the meeting was a happy one to all interested in the work.

John Sayers, manager of the Arlington Heights office of the Lake-Cook Farm Supply, has taken a lot of kidding the past week because it took him ten minutes to recognize his own brother. The latter arrived at the farm bureau office Saturday morning and it was not until John attempted to sell him some seed that John "tumbled" that the visitor was his own brother, Edwin, who with his wife, came to Illinois to attend the 60th wedding anniversary of Mr. Sayer's parents.

A 9½ pound son was born Tuesday morning in a Des Plaines hospital to Mr. and Mrs. Karl Militzer, 706 North Dunton avenue, Arlington Heights.

CHRISTIAN SCIENCE CHURCHES

"Soul" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, February 17.

The Golden Text was, "Set your heart and your soul to seek the Lord your God" (I Chronicles 22:19).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "My soul longeth, yea, even fainteth for the courts of the Lord; my heart and my flesh crieth out for the living God . . . For the Lord God is a sun and shield: the Lord will give grace and glory: no good thing will be withhold from them that walk uprightly" (Psalms 84:2, 11).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The identity, or idea, of all reality continues forever; but Spirit, or the divine Principle of all, is not in Spirit's formations. Soul is synonymous with Spirit. God, the creative, governing, infinite Principle outside of finite form, which forms only reflect" (p. 71).

MORE ABOUT Fathers and Sons

(Continued from Page 1)

dress was in keeping with the occasion and it was one of the most impressive talks ever presented to an Arlington Heights audience.

For over one hour he spoke fervently with rare tact and understanding of the fine art of friendship and companionship which should exist between fathers and sons. He prefaced his address with a quotation from the Book of Books as he rightly called the Bible, quoting Ecclesiastes 9:11, "I returned and saw under the sun, that the race is not to the swift, nor the battle to the strong . . . but time and chance happeneth to them all."

How true. The race of life, that is the successful life, is not always "to the swift nor the battle to the strong," but to him, who with dogged persistence and determination, can take defeat gracefully, "on the chin" as the slogan is today, and like the slow but sure plodding turtle in the race with the swift hare, keeps steadily on his way with his eyes fixed on the god, he who is steady usually wins in the end over the swift but over-confident hare.

Mr. Allen referred many times to his scrapbook, which I dare say is his constant companion, having started it as a young man in 1910.

Would that all who were present take the hint and start a scrapbook of their own. It reflects your interests, your choice of rare bits of prose and poetry, and eventually becomes a storehouse of wisdom as well as of entertainment which will offer you many hours of splendid meditation and reflection, in fact it will become your inseparable companion, your counterpart, the mirror of your inner self.

It was refreshing indeed in these times of religious and spiritual draught to hear a public speaker make mention of his decided religious convictions. Surely there is a lesson in that for all fathers and sons, for religion after all is the only enduring thing, one of the few things in life of which we cannot be robbed.

In his closing remarks Mr. Allen said, "If I had one wish at forty-five, it would be to be twenty again."

He spoke of the moral value of the depression, how it should create a new breed of men, better than the present generation, young men clean, strong and courageous, clear-eyed with inspiring ideals and lofty visions, men who are not afraid of honest toil, who are not ashamed of hands made hard by the plow or the ax; for have not the so-called "hard times" been "good times" for the making of a finer manhood, always producing a splendid type of men, men who by using their heads as well as their hands, become the leaders in community and national enterprises? Success in life comes only by the hard work of the brain as well as the hands.

It was a pleasure to listen to a fine speaking voice and the quiet, steady flow of well chosen words.

No high-pressure salesmanship, no flights of bombastic, flamboyant oratory, but just the right proportion of wit, sentiment and reason, and if our emotions were kindled, it was only because the speaker was moved to speak most earnestly, appealing to our hearts as well as to our reason.

Thanks, Mr. Allen, come again. Don will bring out the band, the Friendly Class will bring on the dinner and Doc with his wit and enthusiasm, will preside in his own inimitable way.

Maine high school had 156 students on its first semester honor roll.

And now, possibly, the reader would like to know just a little about the school.

The Suburban Metropolitan Business College is located in the Oak Leaves building, 1140 Lake street, Oak Park, Ill., and is one of the very finest and best equipped business schools in the country. Many of their graduates may now be found holding important, well paying positions with many of the larger business firms and a large number are now in business for themselves. Two members of the Busse family of Mt. Prospect, who are now in business there, are former students of the Metropolitan school as also are the Paddock Brothers of the Paddock Publications. As stated on a circular supplied by the school: "We undertake to provide, without cost, positions for all worthy graduates who desire our assistance. This does not mean that we operate the conventional "employment agency" nor do we offer a broad guarantee of employment as a means of influencing the enrollment of the applicant. The ethics of any school making such an offer should be thoroughly investigated. Even during the recent depressed times we have been able to place a large number of our graduates in responsible positions.

Arlington Heights Garden Club Question Box ....

BIRDS IN RELATION TO PLANTS

Most of us think of birds from the standpoint of the sport they give us while hunting or the enjoyment that we get from hearing their songs.

It has been stated that if all insects should perish, all flowers would die. However this is not half as true as the statement that if all birds were to perish, man would soon follow. An experiment in an European country shows the importance of birds. An area of two acres in the fertile regions was fenced off so that no birds of prey could get to it. In less than two years this was a barren country. Insects and rodents had taken possession of the land and birds could not bother them.

In the state of Utah, one finds a monument erected to the sea gull for saving the early settlers from famine by destroying great swarms of the wingless insect known as the Norman cricket.

The works of birds are not always as dramatic as in the case of the early settlers of Utah, but they are constantly on the job killing insects that are destructive to our plants.

It has been estimated that insects cause an annual loss of over $2,000,000,000.00. First in control of these insects come birds. The birds that control these insects may be classified in various ways. One method is as follows:

1. Birds that care for the foliage or upper branches.
2. Birds that work on the bark.
3. Birds that work on the ground floor.

Some birds that belong in the first group are the nuthatch, chickadee, kinglet, and brown creeper. One report on the chickadee accredits him with eating 400 eggs of the apple plant louse at a meal. The yellow-billed cuckoo was given credit for eating 217 web worms or tent caterpillars. He might well be called the caterpillar bird, as he is not bothered by the hair on the caterpillar. Other birds that help to rid the foliage of their insect pests are the warblers and vireos who work toward the upper end of the branches.

A few birds that work farther down on the branches and trunk are the thrushes, bluebirds, robins, mocking birds, orioles, catbirds, thrashers, wrens, and tanagers. The Baltimore orioles are accredited with a diet of 83 per cent insect, the main insect in the diet being bettle's larva, known as wireworm. (There are 500 species of this worm in America). The oriole also selects wasps, bugs, plant lice, craneflies, grasshoppers, locusts, and spiders to complete his meal.

Birds of the third classification, those that help care for the ground floor, are the bob white or quail, black bird, crow, robin, native sparrow, chewink, brown thrasher, ground warbler, woodcock, grouse, plover, and flicker. The flicker eats ants who protect plant lice, who, in turn, supply the ants with milk.

Shirley Temple Doll Awarded

Sunday brings a mammoth show to the ever popular Arlington Heights Theatre. The four star special, "The White Parade" headlines with the five Dionne babies as a number two feature. Father and mother Dionne, Dr. Defoe and all the incidents crowding the life of 5 lusty youngsters born at one time are in this special.

A Shirley Temple doll, or identically the same features as little Shirley, will be awarded at the Sunday matinee. The doll is now on display in the window of Rudy Stein's store adjoining the theatre.

The much discussed and awaited "Girl of the Limberlost" will be the attraction Tuesday and Wednesday with an organ feathre added with Jesse Crawford. "Devil Dogs of The Air" and "Broadway Bill" are early coming hits.

Choice of pepper or salt shakers will be given next Thursday and Friday. "Imitation of Life" starts for three days with Sunday, March 10.

Palatine Gets Break

Palatine was placed in a good spot in the Crystal Lake tournament. In the first place they are in the same bracket with Elgin, the tournament favorite. In the second place they can not be paired with Hebron or Dundee until the semi-finals as these teams are in the lower part of the bracket and Barrington, another tough one, is in the bracket with Elgin.

The Pirates will have to beat Hampshire in the first round and Harvard in the second to reach the semi-finals against Hebron or Dundee. This is not at all unlikely though their early opponents are rated stronger than last season.

More Tourney Dope

Hampshire, by the way, is coached by Jake Herrmann, a Palatine man, and recently won the Little Eight tournament. Jake always has strong teams and his outfit will likely give the Pirates an interesting evening.

Arlington meets the same first round opponent as last year in Richmond. The Cards won rather easily last year, but have lost

Antioch, Ill.
Feb. 17, 1935

Mr. G. A. McElroy,
Arlington Heights, Ill.

Dear Mr. McElroy:

I wish to write you a line or so showing in only a small degree the appreciation of your work in writing the sport columns of the Cook County Herald. I have never met you personally, but consider your work outstanding among sport writers.

I have had the privilege of coaching in your conference only for this last semester, but will always look back on these days as pleasant memories and the making of many friends and acquaintances among the coaches and players of the conference.

I have coached for 10 years in Indiana, and was connected with athletics in the West Suburban league while at LaGrange, and with the Illinois Valley league while at LaSalle, but never have I found a newspaper and a sports writer of your superb calibre. Your impartial and complete write-ups of the games are all that could be desired by any school or community.

Wishing you and your paper the best of success as you surely deserve it.

Sincerely,
Al Suter.

strength while Richmond has a team of veterans. If the Cards win they must meet Elgin in the second round.

Another Zimmerman

The name of Zimmerman may not disappear for long from the list of outstanding Northwest Conference athletes with the graduation of the Warren star in June.

There is a youngster by the same name at Barrington who is doing good work on the grade school cage team which ranks second in the Northwest Junior league. The lad will have to be a whiz though if he makes us forget Kenny. Not only is Zimmerman of Warren one of the best athletes of all time in the conference, but is a straight A student and an accomplished musician.

Sickness Hits Again

Sickness has hit several teams this winter. Just at present Antioch is in the worst condition. Steffenberg and Richey are out because of illness while Hawkins has been lost for the remainder of the season with a shoulder infection. Helms of Palatine was out of the Bensenville game and will not be ready for action at Antioch tonight.

Mangels who was not a very consistent scorer with the Palatine lightweights, has found himself as a member of the heavyweight five. His speed has been an important factor in the last two games with Warren and Bensenville. His scoring record is 14 points in the two games which is good enough for anyone.

Next Week Important

The first four positions in both light and heavyweight divisions will not be decided until the final week of play. The Barrington-Palatine games at Palatine next week will decide first and second in the first team class while the lihgtweight clash will decide third and fourth in that division. Down at Leyden the regulars will be meeting Libertyville for third and fourth positions while the lights who are tied at the top will fight it out with the Wildkittens for first and runner up.

Coach Suter of Antioch, a new man in the conference this year, has accepted a position in the science department of the new Lane Tech high school in Chicago. Suter had coached 10 years in Indiana before coming to LaGrange where he assisted in athletics. His team at Antioch this year indicated an improvement in coaching at that school.

Pirates' Come-Back Wins From Bensenville 26-22; Bison Ahead 11-7 At Half

Hahnfeldt Scores 1, 2, 3, 4 in Row; Palatine Lights Win 26-15 after Trailing.

After a poor showing in the opening periods, Palatine's basketball five staged a come-back in the second half of their game at Bensenville last week and won 26-22. Close guarding by Bensenville put the visitors on the short end of a 6-5 score at the end of the first quarter even though Palatine had the ball most of the time.

In the second quarter the visiting Pirates were wild, and the Bison profited to a 11-7 lead. At the opening of the third period Eddie Hahnfeldt tossed through the hoop in 1, 2, 3, 4 order and Reuse counted with the fifth Palatine basket in 3 minutes.

Again in the last minutes, after Hahnfeldt and Engelking had been lost to Palatine because of fouls and Jennings was missing from the Bison lineup for the same cause, Bensenville threatened by closing the lead to 24-22. Mangels relieved the pressure with a field goal. Palatine made 6 free throws in 14 tries; Bensenville 6 in 13.

Palatine's lights won 26-15 after trailing 9-5 in the opening quarter and having a bare 11-10 lead at the half. Haemker, blonde freshman on the Palatine lights, sank five field goals in nine tries.

St. James Five Wins Final Game 29-19; Takes League Trophy

The St. James basketball teams closed the regular season's schedule with a victory and a defeat. The lightweights lost 36 to 13 to St. Hedwig's, which are tied with St. Tarcissus for the championship.

With 7 minutes of the game left, Annen and Stefanik began a driving attack under the basket which brought a 29-19 victory over Immaculate Conception. Stefanik had 12 points and Annen 7 to top the scoring.

The lightweight race was a runaway for the Hedwig and Tarcissus teams. The St. James team was weakened at midseason by the loss of John Long, who could no longer make the weight limit. McKaig stayed out of most of the second round play, to concentrate on the heavyweight games, which were more important.

The St. James heavyweights crushed all opposition in their division, closing with a record of 10 wins and no losses. Hedwig's and Cornelius, which tied for second place, were both beaten by wide margins. Accurate passing and shooting, a driving attack, and fine defensive play were supplemented by good team spirit to make a winning five. Annen controlled the tip-off, played well defensively, and was a consistent scorer. Louis Stefanik, like Annen, scored most of his baskets on follow-up shots. His unbeatable spirit was an inspiration to the team, and he was high scorer of the league.

Track Begins Tomorrow

Wisconsin track and field athletes will open their 1935 indoor camping in a dual meet with Marquette at Madison tomorrow afternoon. Coach T. E. Jones has been drilling a Badger squad of 70 men since December. Marquette, which lost to Notre Dame last week by a single point, has a powerful well-balanced team.

LIBERTYVILLE TRIMS WARREN AT GURNEE

Only Dixon, Zimmerman Score from floor as Wildcats win 41-30 Victory.

With only Dixon and Zimmerman of Warren doing any scoring from the floor, Libertyville walloped the Gurnee team on the Gurnee floor 41-30 Friday night. Dixon with seven field goals and two free throws, and Zimmerman with five field goals and two free throws, were the high scorers of the night, but their only support was a pair of free throws by Brya.

For Libertyville, Stickles with five field goals and a free throw, and Worthen with three field goals and five free throws were high with 11 points apiece. Every Libertyville player counted with at least one point.

Isaacson's passing and Stickles' shooting were the highlights of the game. Libertyville took an 8-6 lead in the first quarter, was 21-12 ahead at the half, and led 35-15 when the final period started.

The Libertyville lights won 33-16 in a game which they easily led all the way. They scored 15 field goals and three free throws to seven field goals and two free throws by Warren.

Aces Easily Win 41-29 From Crystal Lake

A 41-29 victory over Crystal Lake was won by the Arlington Blue Aces at Arlington Heights Friday night. Taking a lead early in the game, the Aces stayed ahead throughout, using the last half to practice plays instead of seeking to roll up a high score.

Superior passing by the Aces dazzled their opponents, and the Aces used two full teams in the contest. Crystal Lake used the same five throughout. Nelson of that outfit was high scorer with 10 points. Koske and Kopplin of Arlington each scored eight.

LATTA LEADS BRONCO FIVE TO TENTH VICTORY

Eight Baskets by Star Head Scoring in 44-24 Defeat of Wauconda.

Latta had his big night of the season with eight field goals as Barrington submerged Wauconda 44-24 for the tenth straight Bronch victory in the Northwest conference. The lights maintained their tie with Palatine for second place by scoring a 30-16 triumph. The games were played at Wauconda. Barrington needs to polish off Warren and Palatine in remaining games for a clearcut championship.

Wauconda could not keep in the game with the sharpshooting Bronchos. Conn. Etters, and Latta scored a total of 34 points as they hit the loop from all angles. Latta had an unusually good percentage from the pivot line and on rebounds. Barrington also made 12 out of 16 free throws. Pflug and Dianis as usual were Wauconda standouts.

Wauconda had a chance in the lightweight game until their star guard was put out on fouls. The score starting the last period found Barrington leading by a scant 13 to 11 margin. Dowell of Wauconda copped scoring honors with nine points. Klopfenstein, Anderson and Cadwallader were high for Barrington.

Arlington High Five Defeats Maine 35-27 In Non-League Meeting

Arlington salvaged something out of a poor season last Saturday night by giving Maine high of Des Plaines a 35-27 shellacing. Modern records fail to show any other victory over Maine. Sometime back in the teens Arlington used to trim Des Plaines regularly, but the records fail to show just where this Arlington superiority ended.

Arlington displayed a vivid contrast over her playing of her previous conference games. Their ball handling and shooting was good—not flashy,—but just consistent.

Both coaches used their full squads and practically all of the Arlington team broke into the scoring. Breseman, Maine's ace, was held without a field goal.

In the preliminaries, Maine's lights out-speeded Arlington's ponies to win 28-19.

Glen Ellyn Five Wins 17-15 from Blue Aces

A Glen Ellyn town team defeated the Arlington Heights Blue Aces 17-15 in a close game Tuesday night. While the victors led throughout, the Aces were always close behind. At the half the victors had taken a 10-3 lead which was changed to 13-9 at the third quarter.

Volz of Arlington was high point man with two baskets and two free throws. Each team scored six field goals, had nine fouls called, and missed three free throws. The victory lay in Glen Ellyn scoring five free throws while the Aces scored only three.

White Aces Defeat Glen Ellyn 27-15

Arlington's White Aces defeated Glen Ellyn 27-15 Tuesday night after leading all the way. The Aces took a one point lead in the first quarter, led 11-7 at the half, and held their opponents scoreless in the third period while adding 15 points to their own tally. Pingel was high scorer with five baskets.

The Aces scored 12 field goals, and three free throws while Glen Ellyn had six field goals and three free throws. Three fouls were called on the Aces, and eight on Glen Ellyn, but the Arlington boys missed seven free tosses to one miss by their opponents.

LEYDEN SETS SCORING MARK WITH ANTIOCH

Indian Five, Crippled by Illness, Loses 54-23; Leyden Lights Win 30-18.

Leyden took advantage of the crippled condition of the Antioch five to run up the high count of the season as they drubbed the Indians 54 to 23. The game was played at Leyden, and Antioch played minus the services of Steffenberg, Richey, and Hawkins, all of whom are on the sick list. The Leyden lights continued their position at the top of the league by whipping the Papooses 30 to 18.

Antioch matched Leyden basket for basket in the first period which closed 10-10, but scored only once in the second quarter while the Eagles ran the count to 24-12. The last half was a walkaway. Bishop with 10 points was the only consistent scorer for the losers. Matusek and Hackett scored 14 and 13 points respectively for Leyden.

Steingraber, who scored 14 points, set the pace as Leyden rang up their ninth lightweight victory. Antioch was in the ball game until the final period when they failed to score while Leyden ran a five point margin up to twelve. The half time score was 19 to 13.

BARRINGTON JUNIORS WIN BY COME BACK

League-leading Dundee First Team Trims Arlington 30-3, Meets Palatine Today.

Pushing to a 16-15 victory after having trailed 11-3 at the half, Barrington's Junior high school league team played a great game last week to keep themselves in a strong second place position. Their only defeat of the season is to Dundee, undefeated leader of the first team division. Scoring eight of the nine free throws awarded them played a large part in winning for Barrington.

The Dundee team defeated Arlington Heights 30-3 to hold this leadership, and Woodstock downed Cary 31-3.

In the second teams standings three quintets are tied for top place. In last week's game Dundee downed Arlington Heights 18-6, Barrington achieved a 10-9 victory from Crystal Lake, and Woodstock trounced Cary 21-4.

Today Barrington plays at Arlington Heights and Palatine at Dundee.

Bensenville Team Wins From Arlington Aces 42-33 Friday Night

Led by Gutnick, a forward who tossed in 5 field goals and two free throws, Bensenville's town team defeated the Arlington White Aces 42-33 at Arlington Heights Friday night. At the half the score was tied 16-16 when Annen of Arlington led an Ace rally after they had been behind at the quarter.

Five of his eight baskets were scored in the second quarter. Bensenville clinched the victory in the third period when they took a 32-25 lead. While Gutnick was a big factor in his team's victory, he was ably assisted by two Koskes, T. Koske scoring five field goals and a free throw and R. Koske four field goals.

Totals showed 18 field goals, 6 free throws, and 12 fouls for Arlington; 14 field goals, 5 free throws, and 15 fouls for Bensenville. Arlington missed nine free throws, Bensenville, eight.

Mr. and Mrs. Carl Erickson, who have been living in Omaha, Nebraska, are now at the home of Mrs. Erickson's parents, Mr. and Mrs. Gawthrop.

Little Bobby Dieber is quarantined for scarlet fever. Fortunately his is a mild case, but just the same, it takes a lot of will power for a little fellow to be contented when he can look out and see the other children sliding on the ice.

Patsy Kilpatrick is staying with her aunt, Mrs. Walter Schuett, for an indefinite time.

Tuesday callers at the Palmer home were Mr. and Mrs. Vernon Hammond of Chicago.

Mrs. Louis Pederson, So. State road, entertained her sister, Miss Pederson of Chicago and Mr. and Mrs. Thos. Pope and children, Sunday.

Mr. and Mrs. John Sayers attended the celebration of Mr. Sayer's parent's sixtieth wedding anniversary at Orland, Sunday.

The Gleaners are looking forward to a very interesting meeting to be held at the church next Wednesday evening, Feb. 27. Miss Rose Heller will talk about her recent tour of Europe and show a collection of linens and dishes she brought back.

Mrs. Oliva Samuelson is staying for a few weeks with her son in Chicago. Her daughter-in-law and little Charlene have gone to Florida for a two months stay.

MERLE GUILD POST No. 208 AMERICAN LEGION

This certainly is a busy time in the Legion—First of all you know we are running a George Washington ball at the Mohawk Country club this coming Saturday, February 23. Jack May was again successful in getting Sturtevant and his Cranticleers and we are counting on having a good sized crowd and in seeing you there.

And then again the Ninth District is running its Public Americanization meeting this coming Friday, February 22, at the Lions Den, 4310 West North avenue. Joe Bernhard, our neighbor from Mount Prospect and Commander of the Ninth District, has gone to a lot of trouble to make this meeting a huge success—able speakers such as "Curly" Brooks, good martial music, Board of Trade Legion band and Mel Tierney Drum and Bugle corps, and Joe will feel sorely disappointed if Merle Guild Post doesn't turn out with a large delegation, especially so as we have in our post the only man in the ninth district to be honored with the Congressional Medal of Honor—our old pal and friend, Tom Pope.

And next Tuesday we are putting on a real old fashioned "Army Chow" at the Legion Home. The meal will start promptly at 7:00 p. m. It will be a good meal as you know when our entertainment committee broadcasts a good meal, you get a good meal. So be sure and be there. Again after the regular meeting, we will take entries for our ping pong, bridge, pinochle, chess and checker tournaments. Certainly this will be a real meeting. Yes, Rubinoff and his violin will be there as well as our own Les Griffith the demon insurance man who doubles as a second Roy Bargy or Eddie Duchin on the ivory keys.

We are glad to state that the show "Flirtation Walk" which we sponsored at the Arlington Theatre, was a huge success and want to take this opportunity to thank the people of Arlington Heights for the splendid support they gave us. This was a good picture and Mr. Godshaw of the theatre is on the lookout for another good picture for the Legion to sponsor.

Once again we wish to remind you, don't forget our dance at the Mohawk Country club on Irving Park boulevard near Elmhurst road in Bensenville, Saturday, February 23—and our "Army Chow" dinner next Tuesday, February 26.

Big Doings at St. Patrick Day Party at St. James

This year, as in previous years, the St. Cecelia Choral society of St. James church has planned a gala affair for their annual St. Patrick Day party to be held in the St. James hall, North State Road, Arlington Heights, on the 17th day of March.

In keeping with their slogan, "A Bigger and Better St. Patrick Party Every Year," the various committees on arrangements met last Friday evening and entered into the planning of this gala event with a spirit that is typical of these choristers.

"Skip it" from here unto the final summation which left the following results, to-wit: Starting at 4 o'clock Sunday afternoon, March 17, the "Fun Fashion Review" by the Komis Co. of Chicago, will be presented. The young ladies modeling for this review will be local girls known for their charm and personality. Following this display of exquisite pelts and feminine beauty, a short time will be taken up to clean the floor.

At seven o'clock Earl Fredericks will strike up his dance band and with that the dancing and merry making commences.

Balloons, serpentine confetti, favors and "oe gorra" can't you just imagine the fun you'll have gosh, oh gee, oh gosh, and that isn't all, at eleven o'clock the door prize, a fur scarf, will be given away.

Yet another feature event on this program will be the Waltz contest, the winners to be awarded a suitable prize. The judges for this contest, to be named later, will be known for their honesty and ability to act in this capacity.

A buffet lunch will be available after the Fashion Review and during the entire evening.

If it is decided to add more to this program, it will be published in these columns at a later date, in the meantime the S. C. C. S. says Cead Mille Failte, on St. Patrick's day in St. James Hall.

SURPRISE PARTY ON WORTHY MATRON

On Saturday evening, Feb. 16, the officers of this year and the past worthy matrons and past worthy patrons had a surprise party on Sister Carlson in honor of her birthday. They proceeded to Sister Carlson's home in a body. She was presented with a beautiful robe.

PRESENT FINANCIAL STATUS OF ARLINGTON HEIGHTS HAS RAISED WARRANTS TO PAR AND ABOVE

Finance Committee Sees Lower Interest Rate in Demand for Village Warrants in the Chicago Investment Market; Half of Delinquent Gen. Bonds Paid

The Arlington Heights village treasurer's report presented Monday evening, shows a general corporate balance of over $10,000, as of February 1. However, the policy of the administration requires that tax monies be placed in the funds specified in tax levy, and in consequence all bills, except salaries, passed Monday, will have to wait for funds.

The treasury may be empty, but the financial status of the village is better than it has been at any time in recent years. This is reflected by a recommendation made by Alderman Krause, chairman of the finance committee, who suggested that when 1935 tax warrants are authorized that the interest rate be reduced to either 4½ or 4 per cent. Mr. Krause further stated that he had reason to believe that the warrants, if sold in large blocks to investors would bring par at that interest rate.

This was not the only good news that was received by the board members Monday night. The government grant on the recent PWA projects will probably be $14,-580.24. The provisions of the grant are that $10,000 be paid in cash to the village. The balance of the grant will be represented by the cancellation on the part of the government of a corresponding amount of the PWA bonds issued by Arlington Heights and held by the government.

While this settlement means that the village will have to find already cash to pay the balance due the contractors, about $2,500, it reduces the future obligations of the water department by over $4,-000.

A conference will be held next Monday with a committee from the now defunct municipal band regarding tax monies still due that organization.

The board advised the village treasurer that the latter had authority to pay to the treasurers of the nurse fund and the library board all tax monies due such bodies as the same is received.

As the total amount to the credit of the village in the closed Arlington Heights State Bank is $20,000, the village will receive $1,000 in the dividend that will be paid this week. Chairman Krause explained that the general fund money involved, in reality, belonged to the Public Service Co. The treasurer was instructed to divide the dividend checks as near as can be ascertained by him, among the several funds and special assessments to which the money belongs.

A resolution was passed authorizing P. J. Mors, former mayor to sign a previously issued bond from which his signature is missing.

Attorney Thal reported that the American Surety Co., against which a suit for $2,000 and interest was pending on account of Bolte estate, had offered to settle out of court for the principal. Mr. Thal was authorized to conclude a settlement upon as favorable terms as possible.

The village attorney reported that he had received a request, that the village refund existing delinquent general bonds, which with the bonds due this year, amounted to $11,000, with a new issue bearing the same rate of interest and coming due from 1949 to 1953. In the discussion that followed it developed that $4,000 of the bonds in question, had been paid this month and that with the receipt of other back tax money, including the 1934 taxes, there was every probability that the remaining bonds could be paid and that a refunding plan would not be worth while.

A letter of thanks was read from the St. John's ladies aid on account of an adjustment made on an excessive water bill due to a leak at the church.

The water department reported that the total unpaid water bills was nearly $1,200. The board will meet next Monday night as a committee to go over the entire list.

Bills and payroll amounting to $1,945.20, were authorized for payment when funds are available.

Routine reports were made by the various village departments including the final collection of business licenses and the service of one warrant; need of extensive repairs on police car; report of operation of sewage treatment plant.

Mayor Flentie reported that a new "set up" for relief labor in Arlington Heights for the next 17 weeks, must be completed the following day and asked that any suggestions for needed projects within the village, be reported to him at once.

Happenings at Village Board Meeting

Bills and payroll	$ 1,945.60
Treasurer's balance February 1	10,026.17
Delinquent water bills total nearly	1,200.00

Board unfavorable to suggestion of bond owners that delinquent general bonds be refunded.

Attorney authorized to settle with American Surety Co., account Bolte bond for principal asked ($2,000) $1,000.

Dividend check from State Bank to be divided into true funds.

Conference to be held with municipal band committee regarding funds due that organization.

Treasurer given authority to pay to respective bodies (library, and nurse fund) their share of tax money as same is received by the treasurer, without definite action of the board.

Krause recommends reduction of interest rate on 1935 tax warrants when same are issued and their sale at par in large blocks to investors, thereby enabling village to pay all bills including Public Service Co. in cash.

GEO. K. VOLZ, FIRE CHIEF

A gold badge was given to George K. Volz, chief of the Arlington Heights Volunteer fire department Friday night by the firemen. It commemorates 30 years of service in his present capacity by the chief.

He joined the department in 1899, because captain of hose company No. 1 in 1901, assistant chief in 1903, and chief in 1905. At a smoker held in 1930 he was presented with a loving cup to mark 25 years of service.

Presentation of the badge was made Friday night by R. H. Jahn, new assistant chief of the department, who took over that post recently to take the place of William G. Meyer who resigned from the department after 35 years of service. He had been assistant chief since 1916.

Mr. Jahn joined the department in 1908 and became captain of hose company No. 1 in 1933. He has also served as secretary-treasurer of the department since 1931.

Baby for $1 Dollar Is Doctor's Offer

The greatest bargain ever offered in an Arlington Heights Dollar Day was announced this week.

And the chances are 100 to 1 that it won't be taken up.

Dr. Norbert Leckband was approached by a representative of the Arlington Heights Herald, "Well, what are you going to offer for a dollar this week-end?" he was asked.

"I'll deliver any Arlington Heights baby on Dollar Day for just that amount!" he replied.

While the baby-for-a-buck bargain may not be made, Arlington Heights stores do offer many bargains that will be popular with the entire family Friday and Saturday. Read the advertisements in The Herald, and do your shopping with thrift.

TRAINING TIME OF TEACHERS IS INCREASING

Improvement is Shown by Cook, DuPage Elementary Schools

Training qualifications of instructors in elementary schools having two or more teachers have risen throughout the state in the state during the past year, but DuPage and Cook counties show a gain far ahead of the state average, according to statistics shown in a bulletin issued by the state superintendent of public instruction.

The state's total of elementary school teachers with four or more years of training, in other words, a college degree, increased from 12 per cent in 1933 to 14 per cent in the school year beginning in 1934. Meanwhile in Cook county the number increased from 24½ per cent to 29 per cent and in DuPage county from 19 per cent to 25½ per cent.

This gain is even greater when it is considered that the total number of teachers in this classification has decreased from 1,815 to 1,669 in Cook county and from 325 to 298 in DuPage county. However, while DuPage county has only three teachers with no training above high school, and had the same number last year, Cook county has increased the number of practically untrained teachers from 4 to 12.

Salaries Scaled Down

Salaries for teachers in this class have shown a scaling down in both counties, as they have throughout the state. In all Illinois there are now 35 teachers receiving salaries of $2,000 or more as compared to 204 in that class last year. Of these 35, 22 are in Cook county, but last year there were 158. Last year DuPage county had three teachers in this salary class. Now it has none.

These three are now alone in the $1,500 to $2,000 class for DuPage county while the 39 in that class last year are now among the 43 getting $1,200 to $1,500.

On the other end of the salary scale, 11 DuPage county teachers receive less than $600 where only one was so poorly paid last year. In Cook county 13 are in this class where five were last year.

Compared With 1929

Another tabulation released by John A. Wieland, new state superintendent of public instruction, compares the average annual salaries of teachers in Illinois in 1929 and 1934. This shows a 21 per cent cut in salaries of men and women teachers, including superintendents and principals, throughout the state.

In Cook county outside of Chicago this reduction is 16 per cent, in Chicago more than 21 per cent, in DuPage county just short of 22 per cent.

The average woman teacher receives today in Chicago $2,041, in Cook county outside Chicago $1,-451, in DuPage county $1,125. The average man is paid $2,551 in Chicago, $2,284 in Cook county outside the metropolis, and $1,621 in DuPage county.

Coupons Win Scolarships

With eleven ambitious young men and women already in the race for the valuable free scholarships to be awarded at the Suburban Metropolitan Business College of Oak Park and a very representative group of business firms, the "Trade at Home" drive is starting off with a bang.

All of the participating merchants have now been supplied with Free Scholarship coupons and will issue the coupons with all cash sales and upon the payment of all bills, up to and including March 16. It is gratifying to see how well the plan works. It engenders goodwill and brings to the fore our own community interests. Business is being speeded up by focusing the offerings of our business houses on the minds of our buying public. Said a prominent citizen the other day: "This coupon business is a great idea; it was the means of my wife deciding to pay up an account that we owe during this contest, instead of letting it run along. She is interested in helping one of the contestants and wants to secure the coupons for her."

Everyone in the Arlington Heights and Mt. Prospect trading zone is asked to take an active interest in this unusual offer, which will make it possible for these young people to receive free scholarships, enabling them to obtain a course in business training of untold value.

The contestant turning in the greatest vaule in coupons will receive first prize, an Executive Secretarial Course valued at $180.00 and number two will receive a Business and Bookkeeping Course valued at $125.00 and number three will receive a Stenographic Course valued at $75.00 and by this method all of the prizes will be awarded. Presentation of the awards will be made on the stage of the Arlington Theatre and Mr. Godshaw, manager, of the theatre is going to add some extra special prizes to those who do not win one of the first three prizes. He wishes us to state that he will award: One sixty day ticket, good for any performance on any date, one thirty day ticket, one fifteen day ticket and ten tickets good for four admissions each. This makes it just a little nicer for the contestants and we wish to take this opportunity to thank Mr. Godshaw for his whole hearted co-operation with this program.

The workers in this campaign are making a wonderful canvass, one that will cover every home in this trading zone, asking everyone who is old enough to spend money, to trade at home and save the coupons for them. They are having hundreds of cards signed by people who agree to help them by asking for, and insisting upon, receiving the free coupons.

Everyone is asked to sign a pledge card for one or the other of the contestants. It costs you nothing to assist some deserving young man or woman to win one of the free awards. When you sign a card you do not obligate yourself except that you will save the coupons that you receive for that particular contestant. After you have signed a pledge card, you are asked to be loyal and save only for the one who secured your signature.

Special prizes were offered to the contestants for the greatest number of signed pledge cards turned in the first week ending Thursday, February 14. Nearly 800 signed cards were turned in and Miss Chick Hauptli won the first prize of $50.00 in coupons. Ruth Hartmann was second with a prize of $35.00 in coupons and Lois Clark was third and won $25.00 in coupons. The above mentioned prizes were just for the quickest canvass during the first stage of the work and they will all continue getting cards signed and picking up coupons right up to the finish on March 16. All shoppers during this campaign are urged to ask for and insist upon receiving coupons with every cash purchase or when paying a bill.

All merchants are urged to issue the coupons with the utmost care and discretion in order that this campaign will be successful in every way, giving the coupons only with bonifide cash transactions.

The merchants in this campaign are deserving of the very highest compliments for their whole-hearted co-operation in this community building plan. Business men of

Independent Vegetable Men will meet Thursday For New Organization

Independent vegetable growers of northern Illinois will meet next week Thursday to organize for better marketing conditions on the Randolph street market in Chicago. A mass meeting of all truck growers has been announced for 12:30 o'clock next Thursday afternoon in Melody Mill hall, located at Des Plaines avenue and Twenty-fourth street in North Riverside. This is two blocks south of Cermak road (Twenty-second street).

So-called "scalpers" purchasing produce from farmers in Wisconsin and other distant points, truck the material to the Chicago market and sell it in competition beside the local growers. It is against this practice that the local growers have repeatedly protested and against which they are organizing.

Fathers and Sons Banquet

Under the leadership of Dr. E. W. Baumann, the Presbyterian Men's club enjoyed one of the finest programs ever presented by the club.

Like ancient Gaul, the program was divided into three parts, the splendid dinner served by the ladies of the Friendly Class, group singing and band music under the very efficient direction of Mr. D. G. Costain, teacher of music at the high school and the address delivered by Mr. Jacob D. Allen of Chicago.

The occasion was the annual Father's and Son's banquet of the Men's club.

Many fine compliments were paid to the ladies of the Friendly class, also to Mr. Costain and the high school band. The community should know that it has in Mr. Costain a director of rare ability and the band under his leadership has become one of the finest high school bands on the northwest side of Chicago.

Mr. Jacob D. Allen, a gentleman of rare charm and personality, was brought to the club through the courtesy of Mr. G. Rex Volz, who introduced him. Mr. Allen's ad-

A busy month's work for the Arlington Heights community health nurse is shown by the report of Miss Martha Jackson's activities during January. The report lists 179 calls made, of which two were for nursing care, 38 for nursing instruction, and 139 for other purposes.

Miss Jackson visited 71 homes, made 10 social service calls, 20 calls on physicians, and seven on committee members. She also made 46 calls to schools and 803 routine inspections, 18 physical inspections, weighed and measured 18 school children, excluded 4 from school, and gave 15 class room talks. She also held 67 conferences at schools, 115 at the health center, 122 other conferences, and recorded 97 telephone calls.

The nurse also reported two layettes given out, 11 pieces of baby clothes for older children given out, four patients taken to the Chicago Tuberculosis institute on the advice of local doctors, and a wheel chair placed in a home.

During the month a letter and informative booklet were distributed to each family having a child in school to tell of the local physicians' plans for immunization against diphtheria and of the need for such immunization.

Also during January a complete set of utensils for the sick room was given to Miss Jackson to be used as a loan chest in cases of sickness. These were in the health center only a few days before called out and are all in use now.

New Store Building Will Be Constructed In Arlington Heights

Excavating for a new $7,000 store building was begun in Arlington Heights during the past week. Located at Dunton and Eastman streets, the building is to be occupied by the Atlantic and Pacific Tea company. It is to be a one story structure 35 by 70 feet in size.

The property was at one time occupied by the parsonage of the Methodist Episcopal church, located across the street from the site. Transfer of the property was through Krause and Kehe, Arlington Heights realtors.

May 1 has been set as the opening date for the new store. H. Demmer, 1263 Pratt boulevard, Chicago, is the contractor and J. Jensen is architect.

The couple have lived in Orland Park all their lives, and make their home on the farm to which they went after their marriage 60 years ago. Sunday's celebration was at the home of a daughter, Mr. and Mrs. James Creer, in Orland Park.

Aken Amends Suit Against N. J. Puffer

Leave to file an amended petition in his mandamus suit against Noble J. Puffer, elected in November to be Cook county superintendent of schools, was given Tuesday to Otto F. Aken, present holder of the office who is scheduled to retire in August.

In his suit Mr. Aken contends that Mr. Puffer is not qualified because of having taught in the public schools less than four years, and seeks to be continued in office. The leave was granted by Superior Judge James J. Kelly, who set the case for hearing March 1.

Arlington High School Has New Scoreboard

Arlington Heights township high school is the proud possessor of a new all-electric scoreboard which has been used for the past two weeks for both the high school games and those played by the two Ace teams. Funds for the board were raised mainly through a magazine subscription campaign held last year, and the balance donated by classes graduated the last few years. The board was built at the school, and to E. B. Thornton, of the science department, goes the credit for the design as well as the actual work of construction.

Mr. Thornton was employed as trouble man last summer on the electric signs at Arlington Park track and adapted the system in use at the track to the operation of a scoreboard. Each figure is formed by a bank of 24 lamps which are controlled by a motor driven unit which is in turn operated by remote control at the officials' table. A sign of this type and construction would cost several hundred dollars and would probably not be available except through the ingenuity of the personnel at the high school.

FARMERS ASK EXPERT STUDY OF MARKETING

Chicago Produce Area's Problem Outlined in Talk by Barrett

With Chicago the second largest center of vegetable production in the nation, the Cook County Farm Bureau and truck gardeners associations have been urging a study and research in the Chicago market by experts from the College of Agriculture of the University of Illinois.

O. G. Barrett

The background of the need for this study was sketched last week by O. G. Barrett, Cook county farm adviser, to the Vegetable growers schools held in the county under the auspices of the university.

Speaking of "Possibility for a Study of Local Marketing Problems," Mr. Barrett traced an analogy between the ills of marketing and human ills. For a human ill, he said, one does not attempt to cure himself, but calls in a doctor, an expert who is trained in finding and studying the symptoms and in interpreting them to diagnose the case to make corrections.

Farmers have done this in the production side of their work, calling in pathologists and experts from the experiment stations when they meet with problems. Now they propose an expert to study another phase of agriculture, vegetable marketing.

He told of the work of Dr. M. P. Rasmussen of Cornell college in studying the New York market, and pointed out that 11 per cent of the agricultural wealth of the country is in the truck gardening field. Resolutions which have been sent to the university ask the establishment of the study to be made under the department of agricultural economics which is headed by Dr. H. M. C. Case.

Changes resulting from America becoming a creditor instead of a debtor nations since the World war, have brought about corresponding changes in agriculture, said Mr. Barrett. Before the war a foreign market was open for wheat, cotton, and pork.

Now tariffs have closed that market, the American excess being all put upon the American market resulted in disastrously reduced prices, and many producers of those agricultural commodities have turned to truck gardening.

While vegetable and dairy products never were exported to any degree, still in this way the foreign situation has affected the truck gardener and his markets. Products are now brought to the Chicago markets from other markets 200 and 300 miles distant.

What is the news? Good or bad the weather.
Home news binds this old town together;
When seeking this home news to track,
Some think it smart to hold it back;
Seeming quite oddly to prefer,
A city paper, "So much per."
Some day false pride will have an end,
'Tis then "A feller needs a friend;"
All right when we can blow your horn,
We'll do it proud sure as you're born.

Best town in this county, an ideal approach to spring, business picking up. Saw some one pick up a pin.

Valentine Rejoicings

All those dignified sunshine matrons became youthful once more in their expectation of cupids darts and lovely messages, full of the Valentine spirit. You may be sure the more material provision of their hostess choice refreshments also gladdened their hearts. It was a real party.

The junior choir furnished pleasing singing and altogether the meeting was a happy one to all interested in the work.

John Sayers, manager of the Arlington Heights office of the Lake-Cook Farm Supply, has taken a lot of kidding the past week because it took him ten minutes to recognize his own brother. CHRISTIAN SCIENCE CHURCHES

"Soul" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, February 17.

The Golden Text was, "Set your heart and your soul to seek the Lord your God" (1 Chronicles 22:19).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "My soul longeth, yea, even fainteth for the courts of the Lord: my heart and my flesh crieth out for the living God . . . For the Lord God is a sun and shield: the Lord will give grace and glory: no good thing will be withhold from them that walk uprightly" (Psalms 84:2, 11).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The identity, or idea, of all reality continues forever; but Spirit, or the divine Principle of all, is not in Spirit's formations. Soul is synonymous with Spirit, God, the creative, governing, infinite Principle outside of finite form, which forms only reflect" (p. 71).

MORE ABOUT Fathers and Sons

(Continued from Page 1)

dress was in keeping with the occasion and it was one of the most impressive talks ever presented to an Arlington Heights audience.

For over one hour he spoke fervently with rare tact and understanding of the fine art of friendship and companionship which should exist between fathers and sons. He prefaced his address with a quotation from the Book of Books as he rightly called the Bible, quoting Ecclesiastes 9:11, "I returned and saw under the sun, that the race is not to the swift, nor the battle to the strong . . . but time and chance happeneth to them all."

How true. The race of life, that is the successful life, is not always "to the swift nor the battle to the strong," but to him, who with dogged persistence and determination, can take defeat gracefully, "on the chin" as the slogan is today, and like the slow but sure plodding turtle in the race with the swift hare, keeps steadily on his way with his eyes fixed on the god, he who is steady usually wins in the end over the swift but over-confident hare.

Mr. Allen referred many times to his scrapbook, which I dare say is his constant companion, having started it as a young man in 1910.

Would that all who were present take the hint and start a scrapbook of their own. It reflects your interests, your choice of rare bits of prose and poetry, and eventually becomes a storehouse of wisdom as well as of entertainment which will offer you many hours of splendid meditation and reflection, in fact it will become your inseparable companion, your counterpart, the mirror of your inner self.

It was refreshing indeed in these times of religious and spiritual draught to hear a public speaker make mention of his decided religious convictions. Surely there is a lesson in that for all fathers and sons, for religion after all is the only enduring thing, one of the few things in life of which we cannot be robbed.

In his closing remarks Mr. Allen said, "If I had one wish at forty-five, it would be to be twenty again."

He spoke of the moral value of the depression, how it should create a new breed of men, better than the present generation, young men clean, strong and courageous, clear-eyed with inspiring ideals and lofty visions, men who are not afraid of honest toil, who are not ashamed of hands made hard by the plow or the ax; for have not the so-called "hard times" been "good times" for the making of a finer manhood, always producing a splendid type of men, men who by using their heads as well as their hands, become the leaders in community and national enterprises? Success in life comes only by the hard work of the brain as well as the hands.

It was a pleasure to listen to a fine speaking voice and the quiet, steady flow of well chosen words.

No high-pressure salesmanship, no flights of bombastic, flamboyant oratory, but just the right proportion of wit, sentiment and reason, and if our emotions were kindled, it was only because the speaker was moved to speak most earnestly, appealing to our hearts as well as to our reason.

Thanks, Mr. Allen, come again. Don will bring out the band, the Friendly Class will bring on the dinner and Doc with his wit and enthusiasm, will preside in his own inimitable way.

Maine high school had 156 students on its first semester honor roll.

MORE ABOUT Scholarships

(Continued from Page 1)

this type are the kind that are needed and worth of the patronage of the buying public. It is to be hoped that every resident of this trading zone will think twice before spending any money away from home without first offering the local firms an opportunity to see if they cannot supply their needs.

Listed below you will find the names of the enterprising firms who are co-operating:

Nu Vail Food Shop and Restaurant, Emerald Shop, Dreyer Electric Co., Arlington Cafe, The Heller Lbr. Co., V. Sadecky's, Masny Market, Schmidt Bros., Arlington Theatre, Meeske's Grocery & Meats, Edw. L. Busse Grocer, Wille Lumber & Coal, Busse Motor Sales, Pure Oil Company.

Here you will find the names of the young folks who are working so hard to obtain the business training this plan affords and all who work throughout the contest will receive awards:

Lois Clark, Grace Erickson, Steve Szasz, Harvey Meier, Anna Perrino, Vera Zinkel, Anna May Wagner, Chick Hauptli, Florine Henry, Ruth Hartmann, Verna Heap.

And now, possibly, the reader would like to know just a little about the school.

The Suburban Metropolitan Business College is located in the Oak Leaves building, 1140 Lake street, Oak Park, Ill., and is one of the very finest and best equipped business schools in the country. Many of their graduates may now be found holding important, well paying positions with many of the larger business firms and a large number are now in business for themselves. Two members of the Busse family of Mt. Prospect, who are now in business there, are former students of the Metropolitan school as also are the Paddock Brothers of the Paddock Publications. As stated on a circular supplied by the school: "We undertake to provide, without cost, positions for all worthy graduates who desire our assistance. This does not mean that we operate the conventional "employment agency" nor do we offer a broad guarantee of employment as a means of influencing the enrollment of the applicant. The ethics of any school making such an offer should be thoroughly investigated. Even during the recent depressed times we have been able to place a large number of our graduates in responsible positions.

STORE NOTES

Probably no individual merchant has made more plans for Dollar Day than the Hagenbring 5c to $1.00 store. That store is always a store of bargains and it is more so than ever at this sale. The last shipment of special dollar day value did not arrive until Wednesday morning. It has just been unpacked and awaits your selection.

Centrella quality and Centrella prices go hand in hand at Schmidt Bros. Both stand out in the values offered at that store Friday and Saturday.

Economy and Dollar Day Sales Friday, Saturday

Dreyer Electric Co. is so busy preparing to move from present quarters into the Vail-Davis building, that no special items are quoted in their announcement in this issue, but all their offerings for Dollar Day are plainly marked on articles on display in their old store. It's surprising how reasonable electrical appliances are these days.

Whether or not you believe in miracles, you will enjoy the Studebaker "third degree" road test that Gaare Motor Sales will delight to accord you. It may take a few extra dollars to drive home one of the new Studebakers, but it costs you nothing to inspect the model now on display at Gaares.

STORE NOTES

Economy and Dollar Day Sales Friday, Saturday

If you have been thinking about a new electric washer, you are missing a good bet if you pass up the discount sale offered Friday and Saturday at the Reese Hardware. The washers are 1934 models and Mr. Reese intends to close them out.

Arlington Heights Garden Club Question Box ....

BIRDS IN RELATION TO PLANTS

Most of us think of birds from the standpoint of the sport they give us while hunting or the enjoyment that we get from hearing their songs.

It has been stated that if all insects should perish, all flowers would die. However this is not half as true as the statement that if all birds were to perish, man would soon follow. An experiment in an European country shows the importance of birds. An area of two acres in the fertile regions was fenced off so that no birds of prey could get to it. In less than two years this was a barren country. Insects and rodents had taken possession of the land and birds could not bother them.

In the state of Utah, one finds a monument erected to the sea gull for saving the early settlers from famine by destroying great swarms of the wingless insect known as the Norman cricket.

The works of birds are not always as dramatic as in the case of the early settlers of Utah, but they are constantly on the job killing insects that are destructive to our plants.

It has been estimated that insects cause an annual loss of over $2,000,000,000.00. First in control of these insects come birds. The birds that control these insects may be classified in various ways. One method is as follows:

1. Birds that care for the foliage or upper branches.
2. Birds that work on the bark.
3. Birds that work on the ground floor.

Some birds that belong in the first group are the nuthatch, chickadee, kinglet, and brown creeper. One report on the chickadee accredits him with eating 400 eggs of the apple plant louse at a meal. The yellow-billed cuckoo was given credit for eating 217 web worms or tent caterpillars. He might well be called the caterpillar bird, as he is not bothered by the hair on the caterpillar. Other birds that help to rid the foliage of their insect pests are the warblers and vireos who work toward the upper end of the branches.

A few birds that work farther down on the branches and trunk are the thrushes, bluebirds, robins, mocking birds, orioles, catbirds, thrashers, wrens, and tanagers. The Baltimore orioles are accredited with a diet of 83 per cent insect, the main insect in the diet being bettle's larva, known as wireworm. (There are 500 species of this worm in America). The oriole also selects wasps, bugs, plant lice, craneflies, grasshoppers, locusts, and spiders to complete his meal.

Birds of the third classification, those that help care for the ground floor, are the bob white or quail, black bird, crow, robin, native sparrow, chewink, brown thrasher, ground warbler, woodcock, grouse, plover, and flicker. The flicker eats ants who protect plant lice, who, in turn, supply the ants with milk.

(To be continued)

Shirley Temple Doll Awarded

Sunday brings a mammoth show to the ever popular Arlington Heights Theatre. The four star special, "The White Parade" headlines with the five Dionne babies as a number two feature. Father and mother Dionne, Dr. Defoe and all the incidents crowding the life of 5 lusty youngsters born at one time are in this special.

A Shirley Temple doll, or identically the same features as little Shirley, will be awarded at the Sunday matinee. Some little boy will also be the proud possessor of a baseball bat and a ball autographed "From Shirley Temple." This will be the first Temple doll from Hollywood to be sent out by Shirley. The doll is now on display in the window of Rudy Stein's store adjoining the theatre.

The much discussed and awaited "Girl of the Limberlost" will be the attraction Tuesday and Wednesday with an organ feathre added with Jesse Crawford. "Devil Dogs of The Air" and "Broadway Bill" are early coming hits.

Choice of pepper or salt shakers will be given next Thursday and Friday. "Imitation of Life" starts for three days with Sunday, March 10.

Palatine Gets Break

Palatine was placed in a good spot in the Crystal Lake tournament. In the first place they are in the same bracket with Elgin, the tournament favorite. In the second place they can not be paired with Hebron or Dundee until the semi-finals as these teams are in the lower part of the bracket and Barrington, another tough one, is in the bracket with Elgin.

The Pirates will have to beat Hampshire in the first round and Harvard in the second to reach the semi-finals against Hebron or Dundee. This is not at all unlikely though their early opponents are rated stronger than last season.

More Tourney Dope

Hampshire, by the way, is coached by Jake Herrmann, a Palatine man, and recently won the Little Eight tournament. Jake always has strong teams and his outfit will likely give the Pirates an interesting evening.

Arlington meets the same first round opponent as last year in Richmond. The Cards won rather easily last year, but have lost

Mr. G. A. McElroy,
Arlington Heights, Ill.
Dear Mr. McElroy:

I wish to write you a line or so showing in only a small degree the appreciation of your work in writing the sport columns of the Cook County Herald. I have never met you personally, but consider your work outstanding among sport writers.

I have had the privilege of coaching in your conference only for this last semester, but will always look back on these days as pleasant memories and the making of many friends and acquaintances among the coaches and players of the conference.

I have coached for 10 years in Indiana, and was connected with athletics in the West Suburban league while at LaGrange, and with the Illinois Valley league while at LaSalle, but never have I found a newspaper and a sports writer of your superb calibre. Your impartial and complete write-ups of the games are all that could be desired by any school or community.

Wishing you and your paper the best of success as you surely deserve it.

Sincerely,
Al Suter.

strength while Richmond has a team of veterans. If the Cards win they must meet Elgin in the second round.

Another Zimmerman

The name of Zimmerman may not disappear for long from the list of outstanding Northwest Conference athletes with the graduation of the Warren star in June.

There is a youngster by the same name at Barrington who is doing good work on the grade school cage team which ranks second in the Northwest Junior league. The lad will have to be a whiz though if he makes us forget Kenny. Not only is Zimmerman of Warren one of the best athletes of all time in the conference, but is a straight A student and an accomplished musician.

Sickness Hits Again

Sickness has hit several teams this winter. Just at present Antioch is in the worst condition. Steffenberg and Richey are out because of illness while Hawkins has been lost for the remainder of the season with a shoulder infection. Helms of Palatine was out of the Bensenville game and will not be ready for action at Antioch tonight.

Mangels who was not a very consistent scorer with the Palatine lightweights, has found himself as a member of the heavyweight five. His speed has been an important factor in the last two games with Warren and Bensenville. His scoring record is 14 points in the two games which is good enough for anyone.

Next Week Important

The first four positions in both light and heavyweight divisions will not be decided until the final week of play. The Barrington-Palatine games at Palatine next week will decide first and second in the first team class while the lihgtweight clash will decide third and fourth in that division. Down at Leyden the regulars will be meeting Libertyville for third and fourth positions while the lights who are tied at the top will fight it out with the Wildkittens for first and runner up.

Coach Suter of Antioch, a new man in the conference this year, has accepted a position in the science department of the new Lane Tech high school in Chicago. Suter had coached 10 years in Indiana before coming to LaGrange where he assisted in athletics. His team at Antioch this year indicated an improvement in coaching at that school.

Pirates' Come-Back Wins From Bensenville 26-22; Bison Ahead 11-7 At Half

Hahnfeldt Scores 1, 2, 3, 4 in Row; Palatine Lights Win 26-15 after Trailing.

After a poor showing in the opening periods, Palatine's basketball five staged a come-back in the second half of their game at Bensenville last week and won 26-22. Close guarding by Bensenville put the visitors on the short end of a 6-5 score at the end of the first quarter even though Palatine had the ball most of the time.

In the second quarter the visiting Pirates were wild, and the Bison profited to a 11-7 lead. At the opening of the third period Eddie Hahnfeldt tossed through the hoop in 1, 2, 3, 4 order and Reuse counted with the fifth Palatine basket in 3 minutes.

Again in the last minutes, after Hahnfeldt and Engelking had been lost to Palatine because of fouls and Jennings was missing from the Bison lineup for the same cause, Bensenville threatened by closing the lead to 24-22. Mangels relieved the pressure with a field goal. Palatine made 6 free throws in 14 tries; Bensenville 6 in 13.

Palatine's lights won 26-15 after trailing 9-5 in the opening quarter and having a bare 11-10 lead at the half. Haemker, blonde freshman on the Palatine lights, sank five field goals in nine tries.

St. James Five Wins Final Game 29-19; Takes League Trophy

The St. James basketball teams closed the regular season's schedule with a victory and a defeat. The lightweights lost 36 to 13 to St. Hedwig's, which are tied with St. Tarcissus for the championship.

With 7 minutes of the game left, Annen and Stefanik began a driving attack under the basket which brought a 29-19 victory over Immaculate Conception. Stefanik had 12 points and Annen 7 to top the scoring.

The lightweight race was a runaway for the Hedwig and Tarcissus teams. The St. James team was weakened at midseason by the loss of John Long, who could no longer make the weight limit. McKaig stayed out of most of the second round play, to concentrate on the heavyweight games, which were more important.

The St. James heavyweights crushed all opposition in their division, closing with a record of 10 wins and no losses. Hedwig's and Cornelius, which tied for second place, were both beaten by wide margins. Accurate passing and shooting, a driving attack, and fine defensive play were supplemented by good team spirit to make a winning five. Annen controlled the tip-off, played well defensively, and was a consistent scorer. Louis Stefanik, like Annen, scored most of his baskets on follow-up shots. His unbeatable spirit was an inspiration to the team, and he was high scorer of the league.

Track Begins Tomorrow

Wisconsin track and field athletes will open their 1935 indoor camping in a dual meet with Marquette at Madison tomorrow afternoon. Coach T. E. Jones has been drilling a Badger squad of 70 men since December. Marquette, which lost to Notre Dame last week by a single point, has a powerful well-balanced team.

LIBERTYVILLE TRIMS WARREN AT GURNEE

Only Dixon, Zimmerman Score from floor as Wildcats win 41-30 Victory.

With only Dixon and Zimmerman of Warren doing any scoring from the floor, Libertyville walloped the Gurnee team on the Gurnee floor 41-30 Friday night. Dixon with seven field goals and two free throws, and Zimmerman with five field goals and two free throws, were the high scorers of the night, but their only support was a pair of free throws by Brya.

For Libertyville, Stickles with five field goals and a free throw, and Worthen with three field goals and five free throws were high with 11 points apiece. Every Libertyville player counted with at least one point.

Isaacson's passing and Stickles' shooting were the highlights of the game. Libertyville took an 8-6 lead in the first quarter, was 21-12 ahead at the half, and led 35-15 when the final period started.

The Libertyville lights won 33-16 in a game which they easily led all the way. They scored 15 field goals and three free throws to seven field goals and two free throws by Warren.

Aces Easily Win 41-29 From Crystal Lake

A 41-29 victory over Crystal Lake was won by the Arlington Blue Aces at Arlington Heights Friday night. Taking a lead early in the game, the Aces stayed ahead throughout, using the last half to practice plays instead of seeking to roll up a high score.

Superior passing by the Aces dazzled their opponents, and the Aces used two full teams in the contest. Crystal Lake used the same five throughout. Nelson of that outfit was high scorer with 10 points. Koske and Kopplin of Arlington each scored eight.

LATTA LEADS BRONCO FIVE TO TENTH VICTORY

Eight Baskets by Star Head Scoring in 44-24 Defeat of Wauconda.

Latta had his big night of the season with eight field goals as Barrington submerged Wauconda 44-24 for the tenth straight Bronch victory in the Northwest conference. The lights maintained their tie with Palatine for second place by scoring a 30-16 triumph. The games were played at Wauconda. Barrington needs to polish off Warren and Palatine in remaining games for a clearcut championship.

Wauconda could not keep in the game with the sharpshooting Bronchos. Conn, Etters, and Latta scored a total of 34 points as they hit the loop from all angles. Latta had an unusually good percentage from the pivot line and on rebounds. Barrington also made 12 out of 16 free throws. Pflug and Dianis as usual were Wauconda standouts.

Wauconda had a chance in the lightweight game until their star guard was put out on fouls. The score starting the last period found Barrington leading by a scant 13 to 11 margin. Dowell of Wauconda copped scoring honors with nine points. Klopfenstein, Anderson and Cadwallader were high for Barrington.

Arlington High Five Defeats Maine 35-27 In Non-League Meeting

Arlington salvaged something out of a poor season last Saturday night by giving Maine high of Des Plaines a 35-27 shellacing. Modern records fail to show any other victory over Maine. Sometime back in the teens Arlington used to trim Des Plaines regularly, but the records fail to show just where this Arlington superiority ended.

Arlington displayed a vivid contrast over her playing of her previous conference games. Their ball handling and shooting was good—not flashy,—but just consistent.

Both coaches used their full squads and practically all of the Arlington team broke into the scoring. Breseman, Maine's ace, was held without a field goal.

In the preliminaries, Maine's lights out-speeded Arlington's ponies to win 28-19.

Glen Ellyn Five Wins 17-15 from Blue Aces

A Glen Ellyn town team defeated the Arlington Heights Blue Aces 17-15 in a close game Tuesday night. While the victors led throughout, the Aces were always close behind. At the half the victors had taken a 10-3 lead which was changed to 13-9 at the third quarter.

Volz of Arlington was high point man with two baskets and two free throws. Each team scored six field goals, had nine fouls called, and missed three free throws. The victory lay in Glen Ellyn scoring five free throws while the Aces scored only three.

Runners-up as well as winners of the various district tournaments will go on to compete in the sectional tournaments. Winners of these will, in turn, meet at the state finals in the University of Illinois gym in Urbana to decide the state championship.

White Aces Defeat Glen Ellyn 27-15

Arlington's White Aces defeated Glen Ellyn 27-15 Tuesday night after leading all the way. The Aces took a one point lead in the first quarter, led 11-7 at the half, and held their opponents scoreless in the third period while adding 15 points to their own tally. Pingel was high scorer with five baskets.

The Aces scored 12 field goals, and three free throws while Glen Ellyn had six field goals and three free throws. Three fouls were called on the Aces, and eight on Glen Ellyn, but the Arlington boys missed seven free tosses to one miss by their opponents.

LEYDEN SETS SCORING MARK WITH ANTIOCH

Indian Five, Crippled by Illness, Loses 54-23; Leyden Lights Win 30-18.

Leyden took advantage of the crippled condition of the Antioch five to run up the high count of the season as they drubbed the Indians 54 to 23. The game was played at Leyden, and Antioch played minus the services of Steffenberg, Richey, and Hawkins, all of whom are on the sick list. The Leyden lights continued their position at the top of the league by whipping the Papooses 30 to 18.

Antioch matched Leyden basket for basket in the first period which closed 10-10, but scored only once in the second quarter while the Eagles ran the count to 24-12. The last half was a walkaway. Bishop with 10 points was the only consistent scorer for the losers. Matusek and Hackett scored 14 and 13 points respectively for Leyden.

Steingraber, who scored 14 points, set the pace as Leyden rang up their ninth lightweight victory. Antioch was in the ball game until the final period when they failed to score while Leyden ran a five point margin up to twelve. The half time score was 19 to 13.

BARRINGTON JUNIORS WIN BY COME BACK

League-leading Dundee First Team Trims Arlington 30-3, Meets Palatine Today.

Pushing to a 16-15 victory after having trailed 11-3 at the half, Barrington's Junior high school league team played a great game last week to keep themselves in a strong second place position. Their only defeat of the season is to Dundee, undefeated leader of the first team division. Scoring eight of the nine free throws awarded them played a large part in winning for Barrington.

The Dundee team defeated Arlington Heights 30-3 to hold this leadership, and Woodstock downed Cary 31-3.

In the second teams standings three quintets are tied for top place. In last week's game Dundee downed Arlington Heights 18-6, Barrington achieved a 10-9 victory from Crystal Lake, and Woodstock trounced Cary 21-4.

Today Barrington plays at Arlington Heights and Palatine at Dundee.

Bensenville Team Wins From Arlington Aces 42-33 Friday Night

Led by Gutnick, a forward who tossed in 5 field goals and two free throws, Bensenville's town team defeated the Arlington White Aces 42-33 at Arlington Heights Friday night. At the half the score was tied 16-16 when Annen of Arlington led an Ace rally after they had been behind at the quarter.

Five of his eight baskets were scored in the second quarter. Bensenville clinched the victory in the third period when they took a 32-25 lead. While Gutnick was a big factor in his team's victory, he was ably assisted by two Koskes, T. Koske scoring five field goals and a free throw and R. Koske four field goals.

Totals showed 18 field goals, 6 free throws, and 12 fouls for Arlington; 14 field goals, 5 free throws, and 15 fouls for Bensenville. Arlington missed nine free throws, Bensenville, eight.

MERLE GUILD POST No. 208 AMERICAN LEGION

This certainly is a busy time in the Legion—First of all you know we are running a George Washington ball at the Mohawk Country club this coming Saturday, February 23. Jack May was again successful in getting Sturtevant and his Cranticleers and we are counting on having a good sized crowd and in seeing you there.

And then again the Ninth District is running its Public Americanization meeting this coming Friday, February 22, at the Lions Den, 4310 West North avenue. Joe Bernhard, our neighbor from Mount Prospect and Commander of the Ninth District, has gone to a lot of trouble to make this meeting a huge success—able speakers such as "Curly" Brooks, good martial music, Board of Trade Legion band and Mel Tierney Drum and Bugle corps, and Joe will feel sorely disappointed if Merle Guild Post doesn't turn out with a large delegation, especially so as we have in our post the only man in the ninth district to be honored with the Congressional Medal of Honor—our old pal and friend, Tom Pope.

And next Tuesday we are putting on a real old fashioned "Army Chow" at the Legion Home. The meal will start promptly at 7:00 p. m. It will be a good meal as you know when our entertainment committee broadcasts a good meal, you get a good meal. So be sure and be there. Again after the regular meeting, we will take entries for our ping pong, bridge, pinochle, chess and checker tournaments. Certainly this will be a real meeting. Yes, Rubinoff and his violin will be there as well as our own Les Griffith the demon insurance man who doubles as a second Roy Bargy or Eddie Duchin on the ivory keys.

We are glad to state that the show "Flirtation Walk" which we sponsored at the Arlington Theatre, was a huge success and want to take this opportunity to thank the people of Arlington Heights for the splendid support they gave us. This was a good picture and Mr. Godshaw of the theatre is on the lookout for another good picture for the Legion to sponsor.

Once again we wish to remind you, don't forget our dance at the Mohawk Country club on Irving Park boulevard near Elmhurst road in Bensenville, Saturday, February 23—and our "Army Chow" dinner next Tuesday, February 26.

Big Doings at St. Patrick Day Party at St. James

This year, as in previous years, the St. Cecelia Choral society of St. James church has planned a gala affair for their annual St. Patrick Day party to be held in the St. James hall, North State Road, Arlington Heights, on the 17th day of March.

In keeping with their slogan, "A Bigger and Better St. Patrick Party Every Year," the various committees on arrangements met last Friday evening and entered into the planning of this gala event with a spirit that is typical of these choristers.

"Skip it" from here unto the final summation which left the following results, to-wit: Starting at 4 o'clock Sunday afternoon, March 17, the "Fun Fashion Review" by the Komis Co. of Chicago, will be presented. The young ladies modeling for this review will be local girls known for their charm and personality. Following this display of exquisite pelts and feminine beauty, a short time will be taken up to clean the floor.

At seven o'clock Earl Fredericks will strike up his dance band and with that the dancing and merry making commences.

Balloons, serpentine confetti, favors and "be gorra" can't you just imagine the fun you'll have gosh, oh gee, oh gosh, and that isn't all, at eleven o'clock the door prize, a fur scarf, will be given away.

Yet another feature event on this program will be the Waltz contest, the winners to be awarded a suitable prize. The judges for this contest, to be named later, will be known for their honesty and ability to act in this capacity.

A buffet lunch will be available after the Fashion Review and during the entire evening.

If it is decided to add more to this program, it will be published in these columns at a later date, in the meantime the S. C. C. S. says Cead Mille Failte, on St. Patrick's day in St. James Hall.

SURPRISE PARTY ON WORTHY MATRON

On Saturday evening, Feb. 16, the officers of this year and the past worthy matrons and past worthy patrons had a surprise party on Sister Carlson in honor of her birthday. They proceeded to Sister Carlson's home in a body. She was presented with a beautiful robe.
